

Four Sure

Four Sure 44 / Four Real 74

SMILE...

Welcome to the new Four Sure family of chairs, assembled with no use of screws or bolts which makes it extremely strong, reduces noise, and makes it easy to disassemble into its constituent parts and recycle.

Add to this an amazing seating comfort, an elegant, organic design, and a choice of many colors.

Combine Four Sure with the new family of Four Real tables with elegant and rounded shapes. Foldable by only one person and with integrated castors. Add on the Four RIR space-in-space to divide larger rooms into smaller sections. This will increase your concentration and improve space acoustics and your sense of privacy, while still being part of the team.

Imagine that all furniture can be stacked, folded and moved around the room – by only one person.

The ultimately flexible interior family. Are you ready for change!
