

Four[®]Me

Designed by Strand & Hvass

FOUR[®]
UR[®]

Let's bring in nature!

The elegant Four[®]Me armchair is designed to bring in a warmer, more domestic feel to the public space interior.

The soft grip surface of the shell chair consists of a bio-composite material enforced with wood fibres visible to the eyes and hands, making every chair unique and a very different tactile experience from other typical shell chairs.

Offering you maximum comfort and organic, spacious design, this is a perfect choice for a dining or meeting chair.

Features

- *Endless possibilities for seat- and innerside upholstery*
- *Several base and frame choices*
- *Steel legs in chrome III or with the choice of 4 different powder coating colours*
- *Part of an extensive furniture family*
- *Inno[®]Tab extension can be added*
- *100% recyclable*
