

Four[®] Real Flake

Designed by Anders Nørgaard

FOUR[®]

Let's inspire creativity in the meetingroom!

Create and recreate, again and again, the meeting room design with Four®Real Flake tables.

These innovations are built on the ideas of democratic design and developed to meet the needs for agile and flexible solutions for people to meet at eye level. Four®Real is an inspiring framework for cooperation and mobility for any working environment.

The tangible design and organic shapes and curves makes Four®Real Flake a natural gathering point, whether for 4 or 10 people.

Four®Real tables can be used to create a dynamic and fun space as the options can be connected and reconfigured to create a whole new room design.

Features

- *Folding (by one person)*
